About event

Welcome to the 40th Annual Meeting of the European Section of the International Society for Heart Research (ISHR), which will be held from **Tuesday 06 - Friday 09 July 2027**. The meeting will take place on the Brussels campus of the University of Louvain, located in South-Est of the capital of Europe.

This conference will bring together researchers and clinicians from across the cardiovascular field at a particularly exciting period of scientific progress. A diverse programme is being developed to showcase the latest discoveries and **emerging directions in cardiovascular science**, spanning fundamental mechanisms of disease, regenerative approaches, advanced imaging technologies, and **innovative therapeutic strategies**. Over four days, participants will have the opportunity to engage with leading experts, explore recent breakthroughs, and take part in stimulating discussions.

Beyond the scientific programme, the meeting will provide dedicated **activities for early-career researchers**, extensive **poster sessions**, and numerous occasions to exchange ideas with peers. The event offers an ideal environment for strengthening existing professional relationships, establishing new collaborations, and connecting with the wider cardiovascular research community, all while enjoying the unique atmosphere and cultural heritage of Brussels.

About the venue

Founded in 1425, UCLouvain is one of the oldest universities in Europe. Erasmus, Mercator and Vesalius are just a few of the notable figures who studied there. The university is home to nearly 40,000 students spread across eight campuses in Brussels and Wallonia.

UCLouvain has always prioritised its openness to the world: 20% of its students, 25% of its teaching staff and 40% of its research staff are international. Ranked 170th in the Times Higher Education World University Rankings, UCLouvain is the top-ranked French-speaking university in Belgium.

Just 15 min from the centre of Brussels, the UCLouvain Brussels campus covers 52 hectares, creating a green, vibrant and multicultural environment. The site is a hub visited daily by over 26,000 staff, patients and students. three metro stations with direct links to the city centre serve the campus, which is a 15-min drive from Brussels Airport. The three lecture theatres, as well as the areas set aside for posters, sponsors, and coffee and lunch breaks, will be all located in a single central building on campus.

The exhibition will be open between Tuesday 6 July and Friday 9 July 2027
